## KITCHEN KARAOKE

Together brainstorm 10 foods and 10 popular tunes everyone knows. Write them each on a separate piece of paper and put the food papers in one bowl and the tunes in another bowl.

Take turns picking a paper from each of the bowls. You have 1 minute to make up new lyrics featuring the food you chose. For example, if you chose "Twinkle, Twinkle, Little Star" and "Pear," your song might go something like this:

Twinkle, twinkle, little pear,

Why do you have purple hair?

Up above the world you fly

Like a hero in the sky.

Twinkle, twinkle, little pear,

Rescue me, I see a bear!

Sing your made-up song into a whisk or rolling pin "microphone"!
